

### Service Activity Choices: First Come Picks

**Tree Planting:** Outdoors, with the city of Guelph - this requires you have your own vehicle or have a ride in someone else's. Consider your clothing. If you only have flips flops for the whole weekend, pick something else.

**Hygiene Kits:** Indoors. Assembly of hygiene kits with soap, toothbrushes etc. for the Vanier Centre for Women. There are those who leave the facility with nothing so we are creating the boxes for them "This gesture indicates that there are others who care and would like to help the men and women as they make a fresh start."

**Arboretum:** Outdoors. Maintenance of the trails and area of the arboretum. This is a short walk over the campus. Please consider what clothing again.

**Guelph Chapel:** Outdoors. The church no longer pays for grounds maintenance. We will be helping with some light landscaping and cleaning around the Guelph chapel.
